Description: Experience the warm of absolute luxury in this Architecturally Stunning Villa. Set atop a 2,474 Square Meters (26,630 Square Feet) home site overlooking the LRCC golf course, this is one of the most spectacular golf front homes. Contemporary Architecture and Unique Designs allow you to be a part of whatever is going on in this villa's spacious open floor plan. Marble floors combined with rich wood finishes are found throughout the home. Double height ceilings and internal gardens provide a majestic feeling to this Caribbean mansion.

Six large bedrooms are distributed evenly over the two levels. The spectacular master bedroom is breathtaking and overlooks the large lap pool and pool deck. The large pool with swim up bar and “beach” area compliment the large jacuzzi perfectly. The outdoor gazebo is the perfect place to relax and unwind. An independent study/den with wine cellar and billiards area is another refined area within the villa confines. A Modern Italian kitchen with Viking appliances services both the formal dining room which accommodates 20 persons comfortably and the open-aired dining area around the pool area.
